

DEMOCRATS GAINING ON STATE TICKET

May Elect Hugh T. Mather
as Supreme Court
Member

OTHERS MAY WIN OUT

Governor Harris May Prove Form-
idable Candidate for Senator
Foraker's To Ga.

Columbus, Nov. 7.—In addition to
claims of the election of D. S. Creamer
as state treasurer, Democratic State
Chairman Finley thinks there is a
probability that Hugh T. Mather, Dem-
ocrat, has defeated Justice John A.
Shauck, Republican, or supreme judge.
Judge Shauck was fought by the
Federation of Labor. While nothing
will be conceded in the absence of full
returns on the body of the ticket by
the Democrats, the state committee
sees encouragement from meager re-
turns for election of other than Judge
Harmon for governor, Creamer for
treasurer and possibly Mather for su-
preme judge. Republicans still con-
fidently claim the election of every man
on the state ticket below governor.

With filtering of sentiment into Col-
umbus from over the state, Andrew
L. Harris, just defeated as Republican
candidate for governor, promises to
prove a much stronger figure in the
United States senatorial race than was
at first calculated. If Foraker himself
or an out and out Foraker man cannot
land the toga Harris stands a better
chance of getting the votes of the For-
aker element in the legislature on the
last cast than any of the so-called
Taft crowd. Harris never joined in
the purpose to eliminate Foraker.

As it now appears to be shaping the
main contest will be between Burton,
Harris and C. P. Taft. Politicians seem
agreed that if C. P. Taft enters the
race he will come very near pulling
the plum. Friends of A. I. Vorys think
he will not enter the senatorship con-
test.

FIRE DESTROYS LIVERY STABLE

Blaze at Thornville Friday Afternoon
Does \$500 Damage—Horses and
Stock Saved.

Thornville, Nov. 7.—Fire com-
pletely destroyed the livery barn of
Dora Grubb, at this place, Friday af-
ternoon, about 4 o'clock. The origin
of the fire is a mystery, although it
is thought that a lighted match or a
cigar stub is responsible. The fire
was discovered by Simon Kokenberger,
who turned in an alarm, and all the
horses, seven in all, and all the
burgies and other contents of the
barn were saved. The building was
owned by the Thornville Banking Co.
and was partially insured. Although
not definitely known, the loss is be-
lieved to reach about \$500.

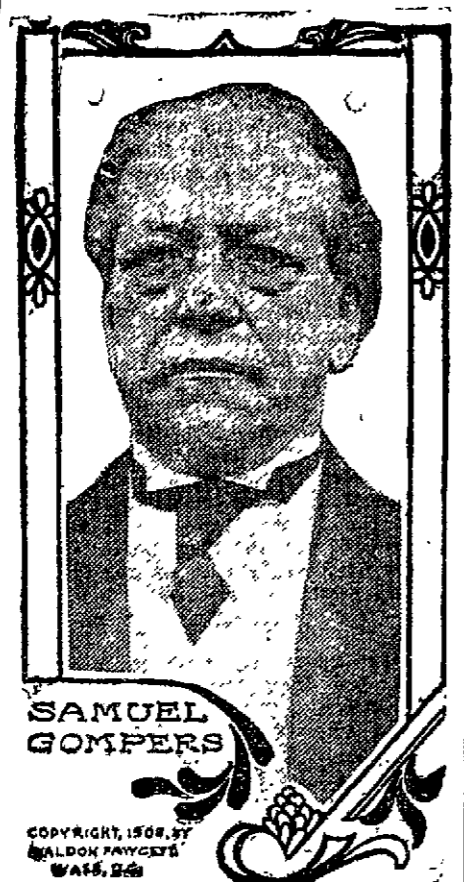

THE JOHNS DOG BITES TWO MORE

Mrs. Susan McPeet and Miss Edith
Johns Also Bitten By Rabid
Bull Dog.

Kept quiet by the family on ac-
count of the illness of Mrs. McPeet's
son, the news only leaked out today
that Mrs. Susan McPeet and Miss
Edith Johns, mother and daughter of
Mrs. Parker Johns, who was bitten
by a pet dog Monday, had also been
bitten by the same animal.
As was stated in Tuesday's Advoca-
te, Mrs. Johns was bitten Monday
while playing with the dog, a valu-
able bull specimen owned by her hus-
band. The fingers on both her hands
were lacerated by the canine's teeth.
Mrs. McPeet and Miss Johns were
both bitten by the animal on Sunday.
The head of the animal was at
once sent to the state health depart-
ment, at Columbus, where an exami-
nation showed the dog had develop-
ed a well defined case of rabies.
The three women lost no time and
they left Wednesday evening for Chi-
cago, where they entered the Pasteur
Institute to take treatment. A let-
ter received by a sister of Mrs. Mc-
Peet states that they are getting
along nicely, and that the doctors
do not anticipate serious results
from their injuries.

SAMUEL GOMPERS, WHOSE LEADERSHIP MAY BE CONTESTED.

Denver, Colo., Nov. 7.—The course of the
American Federation of Labor in the re-
cent election is likely to come up for dis-

cussion in the organization's national con-
vention in Denver November 8. While
Mr. Gompers is credited with having car-
ried out the mandate of the executive
committee in the political campaign, some
elements in the organization are reported
to be dissatisfied, and this dissatisfaction
may be expressed in the convention.

YEGGMAN BLOW BURBANK SAFE

Worcester, O., Nov. 7.—Three crack-
men, early today, blew the safe of
the Hower Bros., of Burbank, and
escaped with \$100. The explosion did
\$400 damages to the safe. The
sawblowers held citizens at bay with
revolvers while they finished their
work and escaped.

FURTHER LEAKS FOUND IN THE CITY WATER WORKS PIPES

The outcome of the question of is-
suing the \$100,000 bond for the com-
pletion of the new water works sys-
tem, which was decided by the peo-
ple of Newark on Tuesday, is taken to
mean an approval of the official con-
duct of the present Board of Public
Service, in their handling of the work
in the completion of the system, and
had such conduct as this been iden-
tified with the work all along, it is
clearly evident that the city would
have been saved many thousands of
dollars, and had the plant completed
over a year ago.

Since the work of repairing has been
begun on the bungling job of pipe lay-
ing at the Eleventh street bridge, it
has developed that the work is even a
worse botch than was at first sus-
pected.

The board of service now finds that
several additional feet of pipe must
be torn out of the ground before the
line can be guided under the side of
the bridge and beneath the stream as
it should have been originally.

In making the excavations it was
found that of the ten joints uncovered
first, seven of them were leaking, and
leaking badly. This shows the in-
efficiency of the manner in which the
pipes have been laid.

In the York Construction company's
pipe laying, under the direction of the
present Board of Public Service, three
streams have been crossed. At the
creek crossing on South German
street, at the bridge on South Second,
and at the crossing of the stream on
Valandigham street, the pipe has been
run under the stream and all joints
thoroughly caulked and sealed to the
complete satisfaction of the Board of
Service and the city's inspectors.

As time goes along there are new
developments illustrative of the im-
perfect way in which the pipe-laying
was done by the former contractors,
the American Light and Water com-
pany, under the direction of the former
Board of Service and the Riggs &
Sherman engineering concern.

Pipe joints on the line running
across the East Main street bridge
leak badly, and the A. L. & W. com-
pany was permitted by the former
board and its engineers to lay the pipe
across the bridge without an "expansion
joint," which provides for the vibra-
tion of the bridge. This will have
to be purchased and put in new,
because it was omitted when the line
was laid.

Every now and then the Board of
Service is called upon to take care of
a bursted pipe and joint, such as oc-
curred on Cedar street, near Cedar
Hill cemetery last week, when almost
the entire side of a section of pipe
burst, tearing up the pavement,

flooding the streets and requiring the
whole section to be relaid. Judging
from the appearance of the work un-
earthed at Eleventh street, there are
many underground leaks that will
cause the city continual expense to
keep in condition as fast as they can
be discovered, and although the Board
of Service refuses to allow any further
estimates to the American Light and
Water company until the job is satis-
factory, there will be practically no
way of ascertaining the total amount
of loss to the city by this poor work
except as the various cases develop as
did that at Eleventh street.

GERMANS

ALARMED OVER REPUTED IN-
TERVIEW WITH KAISER, TO
APPEAR IN PUBLICATION.

Fear That Country May Become In-
volved in Political Complications.
May Buy Entire Issue.

Berlin, Nov. 7.—Announcement to-
day that the Century magazine would
publish an extended interview with
the kaiser in its December issue,
has sent a thrill of alarm throughout
the nation. It is feared that the in-
terview will prove another "London
Telegraph affair," and again involve
Germany in political complications
from which it will be impossible to
escape with dignity. So excited are
the people over the news that news-
papers have suggested that a public
subscription be raised with which to
buy the entire issue of the December
number of the magazine.

FOREST FIRES

Raging in Vicinity of Reelfoot Lake,
May Drive Soldiers Guarding
Night Riders to New Camp.

Union City, Tenn., Nov. 7.—Forest
fires, which have been raging in
Ohio county in the Reelfoot lake
region, and doing damage to timber
and other property is today advanc-
ing rapidly upon Camp Nemo, where
50 alleged members of night riders
are guarded by five companies of
state troops. The fires are two miles
from the camp, over which smoke is
hanging. Removal to a point three
miles distant is very likely. Whether
night riders started the fires to drive
away the soldiers is not known.

AUSTRIAN CABINET TO RESIGN.

Vienna, Nov. 7.—The Austrian
cabinet today resolved to offer its
resignation to Emperor Franz Joseph.
Action was taken as the result of pro-
longed trouble between Czechs and
Germans in Prague, Reichenberger
and other Bohemian towns.

FOUND DEAD IN BED.

Chicago, Nov. 7.—Wm. D. Cornish,
second vice president of the Union
Pacific railroad, was found dead in
bed in the Auditorium hotel, today.
Heart failure is believed to have
caused death.

WOMAN FATAALLY BURNED.

East Liverpool, Nov. 7.—Mrs. Liz-
zie Henderson, aged 60, was so se-
verely burned while firing a lot of
rubbish in her yard that she died.
A gust of wind blew the flames to-
ward her, setting fire to her cloth-
ing.

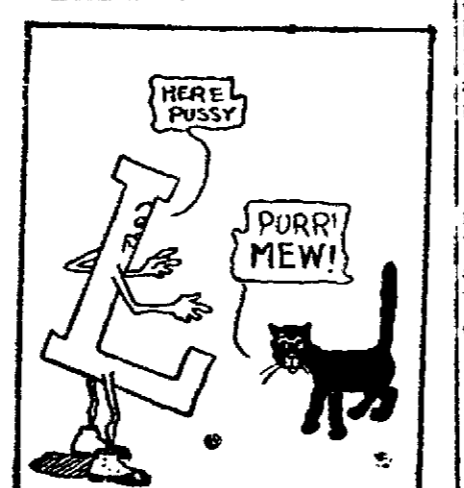

LOTS OF HONEY IN TREE.

Hamden Junction, Nov. 7.—By
chopping down a gigantic oak tree
containing bees, near East Rempel,
Jackson county, Isaac Lloyd and
George Arthur secured for their
trouble 130 pounds of a fine quality
of honey.

50 YEARS ON ENGINE

Bellefontaine, Nov. 7.—A. B.

GETTING READY FOR THE HUNT

President Completes Plan
for Next Summer's
African Trip

NOT AFTER PLATT'S SEAT

Intended Trip Sets All Rumors at
Rest But He May Enter Race
to Succeed Depew.

Washington, Nov. 7.—The fact
that President Roosevelt, last night,
in a conference with Sir Harry John-
ston, British administrator in South
Africa, practically completed plans
for his hunting trip next summer is
the best answer to recently revived
gossip that he would be a candidate
for Tom Platt's seat in the senate.
Platt's term expires on March 3, next.
Both houses will meet very short-
ly thereafter in an extra session to
revise the tariff. Ex-President
Roosevelt will leave this country the
latter part of March for Africa. Af-
ter his hunting trip he will tour
Europe.

It is inconceivable that Roosevelt
would accept office of United States
senator and then absent himself from
his duties for the greater part of the
first year of his term. There will be
another senator to be elected in 1911
to succeed Senator Depew. The
time may then be ripe for Roosevelt.

MARRIED IN MARION.

Marion, Nov. 7.—Miss Mary Ma-
lone of this city, and John Peoples
of Columbus, a railroad man, were
united in marriage yesterday at the
home of the bride. They will re-
side in Columbus.

STOCK RACCOON CREEK.

Hamden Junction, Nov. 7.—Prof.
W. H. Durkee of Vinton, received
from the Ohio fish and game com-
mission 2000 black bass, perch, cat
and other species to be distributed
in Raccoon creek to take the place
of the ones killed by the mineral
water emptying into the stream
from coal mines.

INDICTED FOR MURDER.

Bellefontaine, Nov. 7.—The grand
jury reported 20 indictments.
Frank Ivohick and two other Hur-
garians were indicted for the mur-
der of Frank Dadish at Lakeview.
Dadish died of gunshot wounds in
a Columbus hospital.

HORRIBLE DISCOVERY

M'KEESPORT CITIZEN RETURNS
HOME TO FIND WIFE AND
DAUGHTER DEAD.

Son-in-Law's Body Was Jammed in
Trunk, and All Had Their
Throats Cut.

Pittsburg, Nov. 7.—Wm. Casey,
of East McKeesport, returned home
from a Republican Jollification
meeting early today, to find his wife
and daughter lying dead, with their
throats cut, and the body of George
Hartzell, a son-in-law, jammed into a
trunk. A razor, dripping with blood,
lay near the bed. Casey claims that
his son-in-law killed his wife and
daughter, and then committed sui-
cide.

RICH MAN KILLED.

Marion, Nov. 7.—Ezekiel Hughes,
aged 72, was run down and instan-
tly killed by a cut of cars in the Big
Four yards yesterday. Hughes was
a wealthy retired farmer, and lum-
berman.

TEACHERS GO TO DETROIT.

Findlay, Nov. 7.—The annual
meeting of the Northwestern Ohio
Teachers' association will be held
at Detroit, Mich. Nov. 13 and 14.
The meeting is held there because
of Detroit's splendid school system.

KILLED JUMPING CARS

Hamilton, Nov. 7.—Eddie Hurst,
10 years of age, was killed by a
city car while jumping cars at Lin-
denwald, last night. Both legs were
cut off.

FOUR "SURPRISE" GOVERNORS WHO RAN AHEAD OF PARTY TICKETS

Columbus, Nov. 7.—The election of 1908
will be distinguished in history for the
unusual amount of "scratching" or vot-
ing of split ballots, that was done in many
of the states. This breaking away from
party lines by tens of thousands of vot-
ers in the middle west was productive of
many "surprises." Notable among these
is the election of Herbert S. Hadley, Re-
publican, in Missouri. Mr. Hadley, if
final returns show that he is elected will
be the first governor Missouri has elect-
ed on a straight Republican ticket since
1869, when Joseph W. McClurg gained the
office. B. Gratz Brown and Silas Wood-
son in 1871 and 1873, respectively, were
elected on what was known as the "Lib-
eral Republican and Democratic" ticket.
Thereafter there was an unbroken line
of Democratic governors in the state.
Judson Harmon, Democrat, in Ohio;
Thomas R. Marshall, Democrat, in In-
diana, and A. C. Shallenberger, Demo-
crat, in Nebraska, may also be classed
as "surprise" governors.

TERRITORIAL CONFERENCE AT GRANVILLE

Committees Appointed and Reports
Read—Interesting Session Sat-
urday—Will Close Sunday.

Granville, O., Nov. 7.—The annual Ter-
ritorial Conference of the Y. W. C. As-
sociations of Ohio and West Virginia,
which convened in the Baptist church, at
this place, Thursday evening, and will
continue over Sunday, is proving one of
the most instructive and interesting meet-
ings ever held in the state.

Friday's sessions were most interesting.
In the morning the convention was called
to order by Mrs. Dwight M. Pratt, chair-
man of the Territorial committee, and
devotional service was led by Miss H. M.
Barker, dean of Shepards college, who
also extended greeting.

The greeting from Miss Grace M. Dodge,
president of the National Board of Young
Women's Christian Association, was fol-
lowed by the appointment of the various
conference committees and the annual
reports of the chairman of the Ter-
ritorial committee, executive secretary and
student secretary.

The address of Prof. Selby Frame
Vance of Lane Theological seminary, Cin-
cinnati, on "Worthy Living," was a fine
effort, and his talk was greatly ap-
preciated.
Mr. Robert E. Lewis, state secretary, on
behalf of the Young Men's Christian As-
sociation, extended greeting, after which
a discussion of the subject, "Associ-
ation Responsibilities," led by Miss Eliza-
beth Hamilton, dean of women of Miami
university, was participated in as fol-
lows: "To the World's Work," Miss
Robert E. Lewis, Columbus; "To the
Young Womanhood of the State," Dr.
Anna L. Brown, national secretary; "Of
Alumnae to City and State Work," Miss
Helen A. Sewall, student secretary; "The
Oberlin Social Service Club," Miss Jay
Smith, president of the Y. W. C. A. of
Wheeling; "To Women of Industry," Miss
Doris King Peters, Cincinnati; "To the
High School Girl," Miss Laura Puckey,
general secretary Y. W. C. A. Hamilton;
at 4 o'clock Friday afternoon a re-
ception was given to the delegates by the
women's department of Denison univer-
sity, at which hundreds were present and
became most acquainted with each other.
Friday evening the church was crowd-
ed with delegates and town people who
attended to addresses by Dr. Anna L.
Brown, national Y. W. C. A. secretary,
on "The Y. W. C. A. in Regions Beyond,"
and by Miss Lela of South, of Lucknow
college, John.

Saturday morning at 9 o'clock a prayer
service was held at the residence of Miss Eliza-
beth Lamm, president of the Y. W. C. A.
of Toledo, which was followed by an
address by Dr. Anna L. Brown, national
secretary Y. W. C. A., New York.
The annual business session was fol-
lowed by an address at 11:15 o'clock by
Prof. Selby Frame Vance D. D. of Lane

colleges, on "A Forward Look."
At the 7:30 Saturday evening session the
Rev. Emory W. Hunt will preside, and
music will be furnished by the student
quartet. Prof. John H. Stron, of Roch-
ester Theological seminary, will deliver an
address on "The Bible and Life," and
Miss Alice Chapman, of Boston, will en-
tertain with "Some Stories from the Bible."
Sunday services will be held at the
church at 10 o'clock and vesper services
for women, conducted by Dr. Anna L.
Brown, will be held from 4 to 5 p. m.
The services at the church Sunday evening
will be very interesting, and Dr. C.
J. Baldwin will preside. At this meeting
the closing address will be given by Prof.
John H. Stron of Rochester Theological
seminary, Rochester, N. Y., his subject
being "The Appeal of the Cross."

WILL ISOLATE CONSUMPTIVES.
Dayton, Nov. 7.—An order issued
by Governor Clark of the Soldiers'
Home, and which went into effect
at that institution yesterday, pro-
vides for separation of inmates af-
flicted with tuberculosis. In the
tuberculosis ward, special tableware
and drinking vessels will be pro-
vided and these will be sterilized daily.

MINERS BODIES ARE RECOVERED

Bolton, Ill., Nov. 7.—Lying on beds
of hot coals, which had burned their
bodies beyond recognition the re-
mains of Patrick Daily and Geo. Reed,
two of the miners entombed in the
Ren collieries by an explosion Tues-
day night, were recovered today. All
hope has been abandoned for Stevens
and John Holmes, the other entombed
men.

RISKED RAGING FLAMES

Narrow Escape for 150 Students
—Seven Persons Perish in
Flames at Swan Lake.

Chicago, Nov. 7.—Twenty-eight
housemaids, employed at the Michael
Rees hospital, but sleeping in a house
nearby, had thrilling escapes from
fire which attacked the house. Three
of them escaped with slight cuts and
bruises on their feet when they
jumped from second-story windows,
four were partly overcome by smoke
and were lead from the place by res-
cuers, while the others, clad only in
night gowns, left the building with-
out difficulty.

They owed their easy escape to the
presence of mind of Miss Bessie Mur-
phy. She was awakened by dense
smoke in her room and discovered
that the flames had eaten their way
through the flooring under her bed.
Although dazed by smoke, she groped
her way along the corridors, knock-
ing at every door and giving the
alarm. Within five minutes after
she had left her room the floor gavo
way and her bed tumbled through
to the basement.

The monetary loss was small.

STUDENTS JUMP OUT WINDOWS.

Washington, Nov. 7.—About 150
students, clad only in their night
clothes, fled through smoke and
flames from the Bliss Electrical
school, which was burned to the
ground. The building was three-
stories high and of wooden construc-
tion and was located in North Takoma,
a suburb. The fire caught from a
defective insulated wire. All of
the students in the dormitories es-
caped uninjured, but lost most of
their effects. They were asleep in
their rooms almost half an hour after
the fire started, and many of them
were forced to jump from second-
story windows. The loss is estimated
at about \$60,000.

SEVEN DIE IN FIRE.

Swan Lake, Man., Nov. 7.—The
home of E. W. Carey, a farmer living
a few miles south of here, was de-
stroyed by fire and Mrs. Carey, five
children, and a Miss Gillespie, a
young school teacher, who was stay-
ing over night with the family per-
ished in the flames.

Mr. Carey was so badly injured
that he cannot recover.

The fire was caused by Carey
starting the kitchen fire with coaloil.
The other occupants of the house,
who were asleep were suffocated in
their beds.

CROWN PRINCE WILLIAM MAKES

MACHINE.

Met Emperor William While Making
Flight, and Exchanged Greet-
ings With Father.

Berlin, Nov. 7.—Crown Prince
William made an ascent today in the
dreadful airship "Zeppelin L." Count
Zeppelin was in charge of the flight,
and 12 others beside the prince, were
passengers. The airship steered north-
ward to intercept a special train bear-
ing the emperor from Vienna, where
he had been visiting Emperor Franz
Josef. The airship sighted the train
near Augsburg and descended to
within 100 feet of the ground. Em-
peror William stuck his head from
the saloon window and the crown
prince waved his cap and shouted his
greeting. "I wish I were aloft with
you," yelled the kaiser. The airship
then headed back for Friedrichshaf-
en.

The reported election of five Democratic representatives in congress of the delegation of six from Nebraska indicates not only the great political influence of William J. Bryan at home, but the fact that the people of that state at least were not fooled at all by Republican promises of tariff reform.

Judge E. M. P. Brister justly feels very proud over the splendid vote he got Tuesday. He received the highest of any candidate on the county ticket, 8219, and he received the highest majority of any candidate on the county ticket, 1879. This is a splendid record of which any candidate might justly be proud, especially in view of the fact that in the judge's official position he was necessarily compelled to make more or less enemies in the numerous cases he has tried. The judge is highly grateful.

If Nebraska and Indiana should send Messrs. Bryan and Kern to the senate it would not only strengthen the minority in that body, but it would add force and character and ability to the senate as a whole.

Maryland and Missouri are impressive object lessons to the careless voter who thinks it does not matter much whether he votes or not.

The voters of William P. Hepburn's district of Iowa appear to have had a much clearer conception of the Hepburn bill than most people when they conclude to leave its author at home.

Announcement is made by the United States Steel Corporation that the price of steel rails will now be reduced from \$28 per ton to \$24 per ton. This is offered the public as one of the good results of the election. But, all the same, if the Democrats had proposed such a reduction in the tariff on steel rails before the election, a terrible "free trade" howl would have been raised by the Republican managers throughout the entire country.

Philadelphia Record: Governor Johnson, of Minnesota, looks like a rising sun. A Democrat who can carry his state three times in succession in the face of a normal Republican majority of 100,000 is marked for a man of destiny. Perhaps he will be the Moses that will lead the agricultural constituents of the Northwest out of the wilderness of Protection and Trust-breeding Republicanism, in which they have been blindly wandering for nearly forty years. In any event, Governor Johnson is well worth keeping an eye on.

The "A-T" asks the question, "Are the young men recently mentioned in the Advocate as having voted the straight Democratic ticket, as proud of it as they were at first?" Well, we rather guess yes. What more could they ask. They got every man on the Democratic county ticket; they got the governor of the state, the congressman, and perhaps, other state officers. They do not want the earth.

ASHBROOK'S THANKS

Our Congressman Expresses His High Appreciation for His Record-Breaking Majority.

To the People of the 17th District:

The magnificent endorsement on November 3d of my record in Congress is indeed most gratifying to me. I would like to take the hand of every man who voted for me and personally thank him, but as that is impossible, I desire, through the press of the district to acknowledge my debt of gratitude for the record-breaking majority, and express my sincere appreciation. So many good Republicans voted for me that I hope all will now feel that I am the representative in Congress of all the people in the 17th district, and without hesitation call upon me for any possible service. You have re-elected me to an important office—I want to earn the money, and faithfully and intelligently represent you. No one is more interested in the prosperity of our great country or the welfare of the people than I am. I, therefore, invite at all times your advice and suggestions that I may be fully advised as to your wishes on all legislation. A public office is a public trust; the servant should listen, to the master—the people. I believe no one was more highly honored on November 3d than I was, for my big plurality is very largely due to the staunch friendship and loyal support of the old soldiers. God bless them, and in return for their confidence, I pledge to them the best in me in their behalf to the last hour I am in Congress. Again thanking you and pledging zealous faithfulness to your best interests, I am,

Very respectfully,

WILLIAM A. ASHBROOK.

CARD OF THANKS

FROM J. M. FARMER

To My Friends: I desire to express my heartfelt thanks for the liberal support given me at the polls last Tuesday. Believe me that I cannot find words to express my appreciation, but will endeavor to show the same by careful and earnest service.

Sincerely yours,

J. M. FARMER.

MR. BRUBAKER'S CARD

I wish to return my thanks to the Democrats of Licking county and to my Republican friends for the support which they gave me at the polls during Tuesday's election. I shall never forget the kindness and will endeavor to merit the support which was accorded me.

P. W. BRUBAKER.

ASHBROOK RUNS AHEAD OF TICKET.

THE ONLY CURE.

A Diagnosis of Economic Evils and a Prescription.

The Individual Not the System, Is Wrong—Personal Character and Sincere Intelligent Public Opinion Form the One Effectual Remedy.

In considering the evils, unquestionably many and serious, of our present economic system there is apt to be a lack of discrimination between the evils that inhere in that system and those which, while existing under it, are not necessarily the product of it. The Socialist thus attributes to capitalism all the evils of civilization from poverty to prostitution. He ignores the individual characteristics which put the satisfaction of present desires before future welfare and which are in many cases responsible alike for the pauper and the prostitute. On the other hand, the economic stand pater refuses to acknowledge that part of the poverty and degradation that due to an unfair division of the product of the combination of labor and capital. Yet this unfairness is not an inherent factor of our capitalistic system any more than are unbridled appetites. Socialism will eradicate neither selfishness nor self-indulgence from human nature. In fact, by prescribing a remedy which does not reach the root of the disease it lessens the likelihood of remedying the real wrong.

Similarly in considering the evils, unquestionably many and serious, which have existed under corporate operation of public utilities there is apt to be a lack of discrimination between the evils which inhere in that system and those which are not necessarily the product of it. The municipal Socialist attributes to private ownership all the evils of public utilities, from the impertinence of the "hello girl" to a typhoid epidemic, with high prices and poor service ever in the foreground. He utterly ignores the facts which prove that these evils have no necessary relation to private ownership because they are equally in evidence under municipal ownership. The notorious impudence of the government telephone girls of Paris contrasts most unfavorably with the courtesy generally accorded to telephone users in New York. In the cities of more than 100,000 population in the United States the average typhoid death rate is slightly lower in the cities where there are water companies than in those in which the supply is under public management. And so every cause of complaint under private ownership can be paralleled by similar or worse conditions under public ownership. The latter will eradicate neither incompetence nor indifference to the general welfare. In fact, by prescribing a remedy which does not reach the root of the disease it postpones indefinitely the real cure.

What is the real cure? The bringing home to public utility companies of their responsibility to the public for good service at reasonable rates and, on the other hand, the convincing of the public that such companies are entitled to a fair return upon their investments and furthermore that the grafter in city council or state legislature who tries to levy tribute on these companies is a public enemy. How is this to be accomplished? By state boards of control, removed from local antagonisms and clothed with powers adequate to the protection of the public on the one hand and of the companies on the other. It is only about a year since the public utilities of New York and Wisconsin were placed under such control, yet already some corporations have been disciplined.

No permanent cure for economic evils can, however, come from such boards of control unless there is a general awakening to a higher type of civic consciousness and of individual integrity. In a large sense we are personally responsible for the economic conditions under which we live. So long as we worship wealth without regard to the methods of its acquisition we are silent partners of the men who set it dishonestly or by oppression. So long as we are negligent of the character of the men we choose to represent us politically we are parties to every graft game of our representatives. We don't need a new political system. But we do need a new sense of aggressive righteousness in politics and business alike. With the coming of that will come the remedying of the economic wrongs which give the Socialists their most effective arguments, and without it no system, whether socialistic or capitalistic, will be satisfactory or stable.

Public opinion of the right sort is a tremendous power for good in both business and politics. It encourages and sustains the man who is honest, straightforward and fair and rebukes and defeats the man who seeks unworthy ends by unworthy means. But public opinion of the right sort is rare. It must be not only intelligent, but sincere, and its sincerity depends absolutely upon the character of the masses. Men who in small ways oppress or take advantage of others can utter no effective protest against the oppressor or unfair methods of great corporations. Men who willingly evade laws which inconvenience them in little ways form a poor support to public officials who are trying to enforce laws which affect the people in larger ways. The labor and political problems of this nation are dependent for their best solution in an intimate and personal way upon the individual characters and ethical ideals of the millions who make up the nation, and there is no way in which we can evade this responsibility.

OBITUARY

MRS. TERESA SIEGLE. Many friends in Newark heard with deep regret of the death of Mrs. Teresa Siegle, widow of the late Charles Siegle, which occurred at her home, No. 6 Spring street, in the southern part of the city, just south of the bridge spanning the South Fork of the Licking river, on Friday afternoon at 3 o'clock. The death of Mrs. Siegle was due to cancer, with which she had been a sufferer for the past year. Last April she underwent an operation at the City hospital, but gradually grew worse from that time until death relieved her of her suffering. She was a most estimable woman, who was held in the highest esteem by all who knew her. She was a true Christian woman and had been a member of the Catholic church all her life.

Her maiden name was Teresa Bolinger, and she was a daughter of Mr. Bernard Bolinger, of Louisville, Stark county. She was married to Mr. Charles Siegle, who died about seven years ago, on December 6th, 1880, and was the mother of 12 children, all of whom survive to mourn the death of a kind and loving mother. Besides the immediate family, the deceased is survived by five sisters and one brother. They are: Mrs. William Myers, of Canton; Mrs. Frances Myers, of Stark county, Ohio; Mrs. Henry Swell, of Columbus; Mrs. Frank Zimmer, of Columbus; Mrs. Neher, of Zanesville; and M. Emil Bolinger, of Louisville, Stark county.

The funeral services will be held Monday morning at 9 o'clock, at the St. Francis de Sales church, conducted by the Rev. Father O'Boylan, and the interment will be made in Cedar Hill cemetery.

MRS. BERTHA V. HUGHES. Mrs. Bertha V. Hughes, daughter of Mr. and Mrs. T. K. Valentine, of Chatham, and wife of Wm. Hughes, died at her home in Uica, Wednesday, November 4, at 12:30 a. m., of diphtheria. Interment was made in Venable cemetery.

"I Am Convinced That Duffy's Pure Malt Whiskey Is the Best Medicine I Have Ever Taken. I Say This with Due Deliberation After the Use of Two Bottles."

Chas. E. Getchell, Webbs Mills, Maine.

Mr. Getchell, Like Thousands of Others, Who Have Been Greatly Benefited by the Use of Duffy's Pure Malt Whiskey, Cannot Say Too Much in Praise of This, the World's Greatest Medicine. On November 18, 1907, Mr. Getchell Wrote as Follows:

"After due deliberation, having used two bottles of Duffy's Malt Whiskey, I am convinced that it is the best medicine that I have ever taken. At first I was doubtful, but I doubt no more, for I can truly say to you and to the world that its use has improved my health so much I feel like a new man. For the past five years I have been able to work but little, with pains in my kidneys and bladder. I suffered continually, and until I began to take your Malt Whiskey I got no relief, but since then I have been growing better every day. You cannot imagine how happy I am to be able once more to walk three or four miles without any of the old trouble, and I sincerely thank you for calling my attention to your valuable medicine, and be assured I shall always keep it in the house. If any one wishes to write me concerning it I shall be glad to answer."

Duffy's Pure Malt Whiskey is an absolutely pure distillation of malted grain, great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture, its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

If weak and run down, take a teaspoonful four times a day in half a glass of milk or water.

Duffy's Pure Malt Whiskey is sold throughout the world by druggists, grocers and dealers, or shipped direct for \$1.00 a large bottle.

AMUSEMENTS

AUDITORIUM THEATER.

Ye Colonial Stock company will close a very successful week's engagement at the Auditorium theater this evening. They will present "Deadwood Dick." There will be an entire change of specialties. "A Wife's Sacrifice," was presented last night to a well-pleased audience. The company has made many friends during their stay here, and will always find a royal welcome awaiting their return.

"THE WOLF" AT COLUMBUS.

Newark theater-goers are to have a chance to witness the first Shubert play of the season, Monday night. "The Wolf" will be presented at the Auditorium theater, Monday night by a capable company, headed by Wm. Courtney, Frances Wing, Walter Hale, Charles Riegel, Sheridan Block and Wm. Rosell. This

FRANCES RING.

In "The Wolf," the Brilliant Dramatic Success, Which Comes to the Auditorium, Monday.

same company appeared at the Southern theater in Columbus, Friday evening, and of the new play the theatrical critic of The Ohio State Journal expressed the following: "Eugene Walter's romantic drama, or to be perfectly correct, melodrama, 'The Wolf,' was presented at the Southern theater last night before an interested audience. It is the first sample Columbus has been given of the work of this new playwright, who hails from Ohio, and there are many elements in the play that are interesting and surprising. To begin with, 'The Wolf' is the veriest melodrama, but and out melodrama and unashamed. It is lurid, glowing with color, abounding in theatrical situations, but also full of thrills of the real kind, and intense from start to finish. It holds the spectator, even when it is most overdrawn, and it never fails to be entertaining. Those people who affect not to like melodrama, or who think they don't like melodrama, must miss a good deal; for there are melodramas and melodramas, and nearly every play that is vital has a touch of melodrama somewhere. 'The Wolf' is not one of the subtle kind of melodramas. It is painted in broad strokes, and with bright color. It is often overdrawn; but it is done with strong strokes, and never fails to catch the eye. There is a deep-dyed villain, and there is a sturdy hero, there is a scientific gun play, a hand-to-hand battle, and last, but not least, the howling of real wolves. It tells a tale of love and revenge, as the press agent would phrase it; and it tells it in crisp, terse dialogue, with many touches of redeeming humor. "Furthermore, it has about it much of that same intensity and quick onward sweep of the action which made the author's 'Paid in Full,' one of the great successes of last season. There is no break in the continuity of the story or in the interest it arouses. The play closes with an exciting incident which is made effective through a clever stage trick. The young French Canadian hero and the villain alone in the woods are fighting for life. It is growing dark. Finally one of them is killed, but by this time the stage is so dark that the audience cannot see which one it is. There is a moment of suspense, and then the voice of the hero calls triumphantly the woods for his friend; and then there are cheers of course. "The play is being very well acted. William Courtney in the leading role is excellent. He has a delicious French Canadian accent, and he is consistent in its use as he is in all of his acting. He makes a picturesque and very dashing figure. Frances Ring, who plays the part of a young Swedish girl, has evidently been thought much upon the part, and she has worked up some excellent detail. William Rosell is clever in the comedy role of a jolly young American boy. He is full of spirit, and his laugh is most infectious. Charles Riegel is skillful in

a Scotch part, and Sheridan Block in another French Canadian role. Walter Hale is the villain, an American engineer, and plays the part with much discrimination. "The play is well-staged, the last act being particularly beautiful. Altogether, it is very entertaining. It presents no problems and it doesn't give the spectators time to think, but it holds them."

"EAST LYNNE."

One of the most complete and effective presentations of "East Lynne" which has ever been sent on tour will be given at the Auditorium theater, Thursday, November 12, matinee and night, by Joseph King's New York company. The company, scenic equipment and accessories are all up to the standard required for an artistic representation of the favorite old drama. The engagement is for one night only, and seats can be secured at special prices.

ORPHIUM THEATER.

Manager Moore has kindly invited the entire Advocate force to the first show at the Orphium theater next Tuesday evening. The invitation includes all carriers and newboys. It is safe to say that the invitation will be gladly accepted, and the "force" will all be on hand as the guests of the popular manager of the Orphium.

AT THE MUSEE.

The Musee, on the East Side, is still retaining its reputation for showing the largest and most attractive pictures in the city. Friday evening, the subjects were unusually good, and the large audiences were thoroughly satisfied. "The Paris Fire Drill" was a wonderfully clear and exhaustive story of the life of the fire fighters of the French metropolis, and showed the men at their daily routine of exercise and drills. "The Origin of Diabol," was a fanciful sketch containing many novel and interesting stage effects, ballets, and dances. These two pictures will be repeated at this comfortable little theater this evening.

THE BIJOU.

The Bijou last evening showed a very clever drama, "The Fisherman's Rival," abounding in thrilling situations and climaxes. This picture will be repeated this evening, and for the Sunday matinee and evening performance, an exceptionally good picture is announced.

THE PRESS AGENT SAYS:

The show at the Orphium for the last half of the present week has attracted large crowds and has pleased throughout. Eddie Monon, in his "Rube Kid" turn of comedy and music, is clever; Davenport & Francis' musical sketch, "The Matrimonial Agency," is a scream throughout. Trask & Montgomery have a very pleasing singing and dancing act that went well. Scheveler Bros., acrobats and equilibrists, feature originally throughout their turn and do some tricks that are difficult and entertaining. "Nero and the Fall of Rome" is the title of the longest film ever shown in this city, running for just 24 minutes. Mr. Moore is singing "As Long As the World Rolls On," and his voice continues to please.

A Paying Investment.

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c. bottle of Dr. King's New Discovery; before that was half gone the cold was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." All exhibits are to be given to some good charitable institution, which will be decided upon after the prizes have been awarded.

All exhibits will be judged by three competent, reliable and disinterested persons, who, as well as the firm, have no interest in this contest other than to give the best exhibits the prizes.

The contest is made to give a special incentive to those who have extra good corn and pumpkins to exhibit for a prize and feel that all exhibits will be finally for charity.

Their entire store is tastefully decorated throughout with corn and pumpkins, which makes a very unique display and harmonizes in conjunction with their great Corn Carnival and Pumpkin Show.

Cedar Camp, No. 4727, met in regular session Monday night. When the Urn was investigated there was found 185 pebbles. All officers were in their stations, the first time for some time. Five applications for beneficial membership were presented, and upon ballot, were declared elected to become members. The Escort retired to the ante-room and found in waiting G. C. Phillips, J. F. Brison, D. W. Stevenson, C. J. James and C. E. Comer, for beneficial membership, and E. C. Williams for social membership. All were admitted and instructed in the secrets of Woodcraft. A new resolution was offered at the Monday night meeting—That Cedar Camp give another turkey supper some time in the month of January to the member who secures the adoption of a beneficial member from the time of the last turkey supper, to the time of holding the next turkey supper. The resolution was unanimously carried, and now, neighbors, it is up to you whether you get in on this turkey supper or not. If you secure the adoption of a beneficial member, you get in! and if you do not secure the adoption, you are left out. Neighbors, remember that there is an assessment levied for the month of November, and there will be one for the month of December. Neighbors, talk this turkey supper to your friends and induce them to become Modern Woodmen.

A Glimpse of New Things in the New York Stores

(By Sarah Patrick W. W. W.)

New York, Nov. 6.—Fashion writers everywhere this season have been seeing visions in which it came to pass that the separate undergarment vanished off the face of the earth. With eyes fixed on the future of their desire, they have dropped their pens into convenient ink-pots, and ink-pots and tumbled out to these best loved articles of apparel, lying prostrate.

It is undoubtedly true that the tendency is more and more towards making waist and skirt of one material—at least of one color-line. At the same time, it cannot be denied, in a true report of these things as they are, that the separate white waist is more to be seen than ever. Few women have either the heart or the desire to pass them by altogether.

The best looking of the new lingerie waists are made of a cotton marquisette—a material which has a mesh of fine crossed threads, making it sheer while it is of the same time a more substantial fabric than the general run of cotton waisings. It is found usually combined with Irish crochet lace and hand embroidery, though an occasional model in quite severely tailored style is shown. It has the advantage of being easy to launder and it is not crushed under the heaviest winter coat.

The same advantages are to be found in the very popular crepe waists, which are now being brought out extensively in all the best shops, the showing of an occasional model from time to time in the past two years. I speak now particularly of the white cotton crepe. The silk crepes are pretty and fashionable and most of them wash satisfactorily. The wool crepes are good looking, but not practical as they sink in the tub.

The cotton crepe waist is a joy forever. It is developed with insertions and motifs of Irish crochet, or Chiny, and is usually heavily embroidered by hand. It costs a wicked price at the shop, but the material, by the yard, is quite inexpensive. Even at a round price, however, it pays for itself over and over, for the reason that it requires no ironing and does not have to visit the laundry in the whole course of its existence. Besides this, it wears so well and looks so well that it is a positive investment.

Waists of meteor crepe, chiffon, cloth, silk marquisette, net plain and figured, are offered in exquisite shades of catwren, mulberry, Natter blue, taupe and a grayish brown as well as in white and ecru. In spite of the fact that dressmakers have been trying to bring the solid color of the waist up to the very edge of the high collar, many of the smartest waists have little square or round yokes of white, which is more universally becoming in a season of rather dull colors. In this matter of color, only two exceptions to a general somberness are noticeable. A showing of network blue and a flame color. The effect of these is, however, controlled and restrained by extensive touches of black.

The Fluffy Ruffles type is holding her own on Broadway. She solves her clinging with an eye for the general effect and carries herself in a way to sustain it. She has a crisp style of her own and a certain lack of demerol. Her hair arrangement is completed. To whatever slender strands nature may have bestowed upon her, she adds a "transformation" and a part of puff, all of which she anchors with some jeweled combs and a lace headdress.

She wears a Gipsy gown, with plumage drooping well to the knees. Her collar is extremely high. The

children of a family alike. In Central Park the other day, I saw a squad of five children under the care of a nursery governess. The oldest was a girl of perhaps twelve years. She wore a coat of olive broadcloth, with seams slashed at lower edge showing lining of white satin. She wore a small Persian lamb collar and a round hat of the same fur, with a coque feather. The other four, ranging in age down to about three years, were her exact replicas, in graduated sizes. The effect was good, if you could get away from the idea of the nested doll and the feeling that a little manipulation would leave only the biggest girl in sight. In some subtle way, to be serious, this uniformity of attire suggested an orderly and well regulated household, in which individual caprice would not be fostered.

It has been said often enough to have become trite that it is in the smallest details of dress that the secret lies. There are a great many of the small accessories which almost any woman may fashion at home which are indispensable. None of these is any more effective than the Direttore scarf and girdle, with their pendant tassels or heavy knotted cords. It is with some of these little detail touches I will concern myself next week.

"IN A BAD WAY."

Many a Newark Reader Will Feel Grateful for This Information. When your back gives out; Becomes lame, weak or aching; When urinary troubles set in; Your kidneys are "in a bad way." Doan's Kidney Pills will cure you. Here is local evidence to prove it: F. Lisey, 39 South Fourth street, Newark, Ohio, says: "I am glad to confirm the statement I made ten years ago setting forth the merits of Doan's Kidney Pills. Before using this remedy I was a victim of kidney trouble and was caused much suffering from severe pains through my back. Stopping or the least exertion caused excruciating twinges to shoot through my back and I often suffered misery. Doan's Kidney Pills, procured at Crayton's drug store, gave me more relief than any other remedy I had ever taken. The pains in my back disappeared, the action of my kidneys was regulated and I have since remained free from the least trace of kidney complaint. I always speak a good word for Doan's Kidney Pills whenever an opportunity presents itself."

CAMBRIDGE

And Newark Again Fighting for Glory This Afternoon—Team to Cambridge This Morning.

The local High school football squad, accompanied by several rooters, left this morning for Cambridge where they are playing the speedy team of that city. Several weeks ago the local team defeated Cambridge here by the score of 5 to 2, and they are confident that they can again administer defeat to the down-staters. Newark hasn't lost a game this season, and have tied two, and they are determined to keep their record for 1908 clear.

They were given hard work this past week, and several new trick plays were worked up, which should prove highly successful. Cambridge is one of the hardest propositions the locals have to stack up against, and if they can take victory away from Cambridge this afternoon, they stand a great show for the fifth school championship, which they will now work for.

FOOTBALL NOTICE.

The football game between the Newark Amateurs and the P. D. Q. tomorrow afternoon at the Y. M. C. A. grounds, promises to be a very good game. The Newark Amateurs will lineup as follows:

N. Thompson, c.; Slane, r. g.; Priest, r. t.; L. Reinhold, r. e.; Baker, l. g.; Leton, q.; T. W. Thompson, l. e.; Bush Sweetzer, q. b.; Johns, r. b.; Belmar, l. b.; Bill Parrick, f. b.

The last game these teams played was a tie, 0 to 0. So a very fast game can be expected.

BOWLING

Homemade Presents For the Dainty Woman—Shoe Case For Traveling—Night-dress Case—Holder For Baby Ribbon.

For women who travel as well as those who stay at home there are many novelties in workbags and sewing cases being shown in the shops which are not only attractive, but essentially practical. While the cost of

MATERIALS REQUIRED.

Two yards of pretty cretonne.
One yard and half of elastic.
One piece of tape.
Four brass eyelets.

SHOE CASE FOR TRAVELING.

These are not exorbitant, any one of them may be made at home from odd pieces of ribbon, chintz, silk or linen, which, with the addition of a bit of hand embroidery, make pretty gifts. The shoe bag or case is a useful article which also may be constructed at home at a trifling expense from almost any material one chooses, provided it is heavy enough to keep its shape. Either linen or cretonne is particularly effective, the four pockets accommodate two pairs of shoes or slippers. These pockets are bound and fastened to the case with ribbons or tape matching or harmonizing with the material of the case, in the top of which are set four brass eyelets. In this way the necessity of tacking in place is avoided, the eyelets being slipped over brass hooks screwed in door or wall.

A convenient pocket pin cushion and pin case are bowed with ribbon and set above the shoe pockets. When traveling the case is simply rolled and tied with a matching ribbon tucked at one end on the outer side.

A pretty case for the robe de nuit embroidered with a heavy merized thread on a heavy linen identifies the long envelope case with its embroidered buttoned flap as that in which the particular girl carries her dainty night robe. This is made of heavy white butcher's linen in envelope pattern, embroidered in white cotton thread, and may be lined, if one elects.

MATERIALS REQUIRED.

One yard of heavy butcher's linen.
Three skeins white mercerized cotton.
One and a half yards China silk.
Sachet powder.
One pearl button.

NIGHT-DRESS CASE.

with a dainty pink and blue china silk, beneath which is laid a single sheet of sachet scented wadding.

Every girl who uses baby ribbon would be delighted with a case filled with three or four different shades as a Christmas gift. Here are two attractive ways to prepare such a gift: For the first take a long, shallow paste-board box just wide enough to hold a ten yard roll of baby ribbon and long enough for as many bolts as you may wish to give. Cover this box neatly inside and out with wall paper or a pretty fancy silk, first having made as many small slits on the top as there are bolts of ribbon.

Paste the covering on the box, and if it is found difficult to turn in the edges neatly around the slits do not attempt it, but cover the roughness with a narrow edge of gift paper for braid.

Put the ribbon in the box, first having removed the paper and rewrapped the ribbon and put one end through each slit so it is about an inch on the outside of the lid. If these ends are fastened through bedkins, for which narrow strips have been provided on the top of lid to hold them in place, it will add much to the convenience of the gift.

Workbag For Christmas. A cozy-looking workbag is made of silk and lined with a quarter long. Across each end featherbone is sewed; then the selvage on other side is gathered up as close as possible and secured so that the two pieces meet.

Ribbons for the opening together in the middle, and the bag is carried by handles of ribbons that start from big bows on either side where the silk is drawn up.

Security.

Although the fleet is far away in stay and distant seas, Our seaward unprotected quite Should I seem come to tease, We are not worried nor afraid: We do not quake in fear. Why should we show the least alarm? Our orators are here.

What though along our coast could cruise, Empurpled to cannonade, A fleet of huge and hostile ships? We would not be afraid. Not by the hour of Buffalo Bill, Although that beard be grey, Our orators would bid defiance And let them speak freely.

When grizzled sailors came to claim Their model to devour, Or looking for a place to plant A twelve leavened shower? We'd lead the gentlemen of words, Of full experience breathe, To orate to the hostile fleet And talk the crew to death.

One hundred thousand orators To crown the cannon's roar! Should that be insufficient found, Then we could rattle more. All calling at the enemy Should make the stoutest quail. But do not their orators reverse Their orators and turn tail.

INVESTMENT IN NEW MEXICO LAND IS A GOOD THING

Nothing is so substantial as a good real estate investment. Nothing is more profitable than a good property holding in a growing town or country. Any business man will admit these statements to be true.

Down in New Mexico, where in the past few years farm land has gone up from \$1.75 to \$10 and \$30 an acre, farmers are now threshing their second crop of oats, in hundreds of cases getting 100 bushels to the acre on the second crop for 1908. This country doesn't know what a cyclone or a windstorm looks like. The water is fine and some of the very best irrigated land is now selling at \$30 to \$50 an acre. It is more productive than anything in Ohio, is accessible to the railroads, and the great charm of it is the price is steadily advancing, so that the man who buys now is bound to make money. The people are awakening to the great possibilities of the Southwest, and many Licking county men have in the past year or two made profitable investments there.

John Tucker will conduct his next excursion to Las Vegas, N. M., on Tuesday, Nov. 17; fare from Newark round trip, \$11.25; tickets good 25 days. All purchasers of land will have the fare handed back to them.

The trip alone is worth the price. You will enjoy it thoroughly. Go, look the ground over, see the crops, talk with disinterested parties. Learn what is doing in New Mexico. If the proposition appeals to you as it has to hundreds of Ohioans, buy a small or large piece of ground and watch it grow in value. If you conclude not to buy, you are out simply your small expenses, but the good time you will have on the trip will more than pay you for the outlay of cash.

For full information about the Nov. 17 excursion, address John Tucker, 71 1-2 East Main street, Newark, Ohio.

Divorce Granted.

The divorce case of Anna Beester against Wesley Beester was tried in the probate court Saturday morning. After hearing the evidence, a decree was granted the plaintiff, and she was restored to her maiden name of Anna Keith.

WHERE THE DANGER LIES

How Best to Avoid It—Facts Every-body Ought To Know.

The great danger in colds at this season of the year is that they lead to pneumonia and consumption. The moment you begin to take patent medicines and so-called cough cures, the majority of which depend entirely on nerve-deadening drugs for their effect, you weaken the body.

That takes away the vital force necessary to ward off disease, and the grip and pneumonia germs develop, and because the body is weakened is why pneumonia is so often fatal. Father John's Medicine is not a patent medicine, and does not contain alcohol or dangerous drugs. It cures throat and lung troubles, coughs and colds.

If there is any one thing that a woman dreads more than another it is a surgical operation.

We can state without fear of a contradiction that there are hundreds, yes, thousands, of operations performed upon women in our hospitals which are entirely unnecessary and many have been avoided by

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

For proof of this statement read the following letters.

Mrs. Barbara Base, of Kingman, Kansas, writes to Mrs. Pinkham: "For eight years I suffered from the most severe form of female troubles and was told that an operation was my only hope of recovery. I wrote Mrs. Pinkham for advice, and took Lydia E. Pinkham's Vegetable Compound, and it has saved my life and made me a well woman."

Mrs. Arthur R. House, of Church Road, Moorestown, N. J., writes: "I feel it is my duty to let people know what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from female troubles, and last March my physician decided that an operation was necessary. My husband objected, and urged me to try Lydia E. Pinkham's Vegetable Compound, and to-day I am well and strong."

FACTS FOR SICK WOMEN. For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, and backache.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

SOUR FOOD AND GASSY STOMACH

RID YOURSELF OF STOMACH TROUBLE AND DYSPEPSIA FOREVER.

You Can Then Eat Your Favorite Foods Without Fear of Indigestion or Other Upset Feelings.

Some people think they have indigestion, others Catarrh of the Stomach, others Nervousness, Cancer or Dyspepsia, etc. Call it this if you will, but the real name for your trouble is Food Fermentation, with only partial digestion. Everything you eat turns to either Acid, Stomach gas or Stomach poison, which weakens the digestive organs, causing a lack of gastric juice. Your food sours, is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, burning sensation, a feeling of vomiting, heartburn, water brash and tenderness in the pit of the stomach, slimy tongue, bad taste in the mouth, constipation, nausea, belching of gas, dizziness, sick headaches, mental depression and many other common symptoms.

You can cure all this by not eating, by not putting any food in your stomach to ferment; but how about the nourishment needed to sustain your bodily strength? If you are a stomach sufferer, either man or woman, young or old, whether you call it indigestion or any other name, go now to your druggist and give 50 cents for a case of **Pape's Diapepsin**.

Every possible kind of Stomach trouble is readily cured by Diapepsin, which takes right hold of the food in your stomach and digests it alone, without the help of the stomach, just as if your stomach wasn't there.

After a few days' use of Diapepsin your Stomach will again be in good working order, your meals will thoroughly digest and your intestines will be clean and fresh, and you will have no use for laxatives or liver regulators.

PERSONALS

Miss Maybelle Schiller is quite ill at her home on Wilson Street.

Miss Lulu Marple of North Newark left Saturday for a week's visit in Cincinnati.

Mrs. Mary Henry, of the Newark Telephone company, is visiting relatives in Chicago, Ill.

Mr. Adam Boner, the well known boiler inspector, is off duty, suffering with a severe attack of lumbago, at his home, 146 South Second street.

Mrs. William Orr and son, Benjamin Orr, of Lago, Ind., who have been visiting old friends in the county, for some time, left for their home Friday.

Mr. Ira Claggett of 33 Clinton street, who has been visiting in New York City for sometime, returned today. He reports having an enjoyable time.

THE GREAT COMMONER.

There's something in a stogy That warns you to the lad Who draws a long one from his vest And says, "This ain't so bad." You feel not that same brotherhood. Although you grasp his hand, For one who hands you a cigar That's done up in a band.

Though rough may be its jacket, It's flavor strong and loud, With nothing in its outlines To make the owner proud. Yet it is so suggestive Of friendship worth the while You take it as it's proffered And light it with a smile.

Though modest, poor and lowly, The man who goes about With stogies in his pocket And freely hands them out Has always friends in plenty. No odds where he may turn, Who'll stick to him like brothers While The weed holds out to burn.

No smoke aristocratic, No proud and haughty pipe Built only for the wealthy, Who scorn the lowly "snipe," The stogy makes its smoker A person minus show. Who has to see how far he can Make every nickel go.

How To Get Strong.

P. J. Daly, of 1247 West Congress street, Chicago, tells of a way to become strong. He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those who need a tonic and strengthening medicine, about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. Sold under guarantee at F. D. Hall's Drug Store. 50 cents.

Easy To Do.

"I would like to see you tomorrow. Will it cause you any annoyance if I call round when you are at work?" "None whatever."

"By the way, where are you working now?"

"I am repairing the tunnel. Just drop in any time."

Vanished Days.

No more the brassy golden proud With bliant garments stalks abroad. He slivers 'neath the passing cloud. And wishes that the wood were saved. The dead leaves rustle on the lawn With dismal discord in their tone. And it's to rise at peep of dawn And rake the blamed things up alone.

The run is late in rising. You Have noted it most every morn. What can the world be coming to With Six a mark for idle scorn?

The jolly summer time has fled. We note its passing with a tear. And for its joys we find instead A lot of bills presented here.

Not a Department Matter.

"There was a fire at our house last night."

"Any insurance?"

"No."

"Too bad. Much damage done?"

"Not much. Twisted my foot and knocked the varnish off the steps where sister's young man skidded down."

REV. DEMPSTER ACCEPTS A CALL TO CHICAGO O.

Former Granville Minister Accepts a Call to Presbyterian Church—Will Begin Duties at Once.

Rev. David Dempster, who for some time so acceptably filled the pulpit of the Presbyterian church at Granville, and who made many friends while there, has accepted the pastorate of the Presbyterian church at Chicago, O., where he has preached for the last two Sundays. The Chicago, O. Times of the week contains the following complimentary notice regarding the reverend gentleman:

Rev. David Dempster of Granville, who has occupied the pulpit at the Presbyterian church two Sundays during the past month, has received and accepted a call to supply the pulpit regularly for a few months. There is a possibility, however, that he may consent to become its regular pastor. This depends largely on the interest manifested in the church and community.

Rev. David Dempster is a brother of Rev. William J. Dempster who is meeting with great success in the First Presbyterian church at Tiffin. He is a graduate in classics and oratory at Wooster university, completed full seminary course at Lane's seminary in Cincinnati, and is a post-graduate at McCormick university, Chicago, Ill.

His first charge was at Hicksville, Ohio, where he had a very successful pastorate for several years, raising a large independence and adding many new names to the church roll. He resigned as pastor of this charge to enter McCormick University. His next charge was at Marshalltown, Iowa, leaving this place for a year's study in Europe and the Orient. Since his return he has supplied a church at Granville, lecturing during the summer months at Chautauqua, Buffalo and Toronto.

He is a most eloquent speaker and a man of great power, not only in the church but the community where he labors, giving of his services freely to all questions in which the public is concerned. His travels through Palestine, Egypt, and other sacred places in the Orient, gives him a store of knowledge that will prove very helpful in his work here.

The local church is highly elated to secure his services for a few months, and the membership will put forth every effort to retain him as their permanent pastor.

Rev. Dempster is spending this week in Granville, but will return in time for services next Sunday. After exercising his right of franchise on election day he will come here and begin active work.

TERMS OF THE NEW COUNTY OFFICERS ELECTED TUESDAY

Probate Judge Brister Will Serve Four Years and All Other Officers Two Years—Time of Office.

Now that the election is over, many persons are anxiously inquiring to learn just when the newly-elected county officials enter upon their duties. This is a matter which is not generally known since the change in the time of electing county officers and the necessity of extending terms of officers elected three years ago in order that the offices might all be filled at the general election held in the fall of even numbered years.

The first officers to enter upon their new duties are as follows: On Friday, January 1, William Linke, sheriff; L. L. Marriott, coroner, and Phil B. Smythe, prosecuting attorney, will enter upon their duties, and will serve for two years.

On the first Monday, in January, the new infirmity directors, Messrs. P. W. Brubaker, James Redman and F. E. Dudgeon, will enter upon their duties to serve two years.

Judge E. M. P. Brister, elected probate judge, will begin his term of four years on Tuesday, February 9.

The new clerk of the court, Ed V. Larson, will begin his term on the first Monday in August, 1909. His term is for two years.

The new board of county commissioners, composed of Messrs. J. E. Brownfield, S. I. Tatham and G. T. Tavener, will succeed the present board on the third Monday in September of 1909. Their term is for two years.

The new county auditor, C. L. Riley, will take up his work on the third Monday in October of 1909. The term is for two years.

The county treasurer, Mr. C. L. V. Holtz, begins his second term of two years on the first Monday in September, 1909.

The county recorder's term is for two years, and Mr. J. M. Farmer, who was elected to the office, will commence his duties on the first Monday in September, 1909.

Fred S. Cully will begin his duties as county surveyor the first Monday in September, 1909. His term is for two years.

FIRE DESTROYS PASTURE GROVE NEAR THORNTON

John Lynn Sustains Loss of \$1000. Neighbors Work Hard and Prevent Flames Spreading.

A tea tree woods pasture this lies on the southeast end of Buckeye Lake, near Thornton, and just back of the late Ralph Cashbaugh's island, caught fire Tuesday, and the conflagration lasted until late Thursday night.

The grove, a fine piece of timber consisting of large sugar, oak and peach trees, was totally destroyed, causing a loss on the owner, John Lynn, of Thornton, Ohio, of about \$1000.

The blaze from the burning timber

could be seen for miles at night-time and while the grove is a total loss, the fire was kept from spreading further, and doing more damage, by the heroic efforts of neighbors.

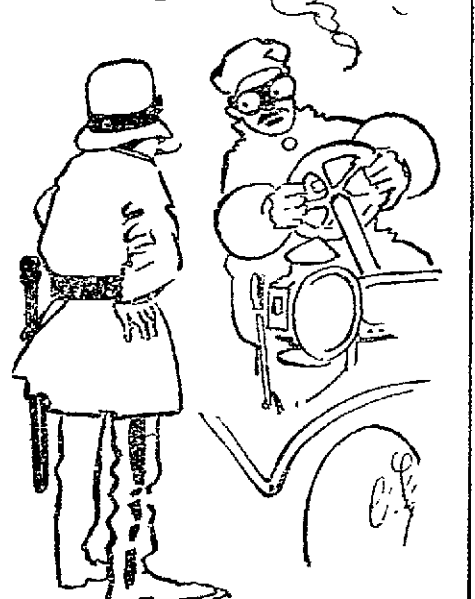

The origin of the fire is laid to careless campers.

Old Time. A thief is Time. Of conscience void; With foot and rime Is youth destroyed. Our joys fall swift. Death his sharp scythe, And short the shift Of laughter blithe.

Old Time's a thief. It steals away; The moments brief. Young Love's day; Leaves in their stead The gray of years. The silvered head. The marks of tears.
